Q. Facebook Group Membership Acceptance Criteria: At the moment it is open to anyone approved by the administrators (committee members plus Wie San) - ie not restricted to just CUK members. This is a deliberate policy as a gateway to allow people to see what we are doing and then maybe come out on rides and join. Some concern that as a result we don't know who we are talking to which may restrict usage

A. Committee to review

Q. Facebook post acceptance criteria. What can we post? – would be useful to establish some guidelines.
